

LPS 1™ GREASELESS LUBRICANT

The fine lubricant that penetrates, dries fast and will not attract dust or dirt.

- Provides a dry, thin lubricating film
- Dries fast and resists oil, dust and dirt build-up
- Fast acting penetration
- Displaces moisture
- Loosens rusted or frozen parts
- Provides short term light corrosion resistant barrier
- Nonconductive
- Ideal for delicate mechanisms
- Used worldwide in aviation
- Safe on paint and most plastics
- Inverta Spray Valve allows one to spray in an upright or inverted position

LPS 1 Greaseless Lubricant is available in these sizes:

11 oz. (312 grams) aerosol	Part No. 00116
1 gal. (3.78 liters)	01128
5 gal. (18.93 liters)	00105
55 gal. (208 liters)	00155
20 fl.oz (591 ml) trigger spray	00122

Typical applications where LPS 1 Greaseless Lubricant can be used:

- Office Equipment
- Ignition Systems
- Power Tools
- Cables
- Electric Motors
- Electronic Connectors
- Micrometers
- Mold Releases
- Nuts and Bolts
- Hinges
- Locks
- Automatic Chokes

General Information

LPS 1 Greaseless Lubricant is specially formulated to give a dry, thin lubricating film that penetrates deep into minute crevices while resisting oil, dust and dirt build-up. It displaces moisture and is excellent at drying out electrical/electronic components. As a penetrating lubricant, LPS 1 loosens rusted and frozen parts while providing a light corrosion resistant barrier that gives short term protection. LPS 1 contains ingredients which dissolve and remove greases and oils from parts and equipment. LPS 1 does not contain any harmful chlorinated solvents, making it safe to use on paint and plastics. LPS 1 uses nonflammable carbon dioxide as the propellant.

Material Safety Data Sheets are available upon request.

Properties

Flash point:
175°F TCC

Specific Gravity:
0.810 @ 77°F

Film Thickness:
0.0001 inch
approximately

Pour Point:
-50°F

Dielectric Strength and Breakdown Voltage (ASTM D-877):
32 kv

Propellant:
Carbon dioxide
