

WHITE LITHIUM

MULTI-PURPOSE WHITE GREASE

The white lithium based grease with PTFE additives for superior lubrication.

- Rapidly forms into a pure white grease
- Heat and water resistant
- NLGI Grade: Number 2
- Produces a long lasting, protective film against rust and corrosion
- White color allows easy visual inspection
- Does not contain any chlorinated solvents

White Lithium is available in this size:

10 oz. (284 grams) aerosol Part No. 03816

Typical applications where White Lithium can be used:

- | | |
|--------------------|------------------------|
| ● Automotive | ● Latches |
| ● Aviation | ● Marine |
| ● Cables | ● Open Gears |
| ● Cams and Pistons | ● Overhead Door Tracks |
| ● Chains | ● Packaging |
| ● Guide Rails | ● Slide Conveyors |

General Information

White Lithium Multi-Purpose White Grease contains PTFE additives for superior lubrication. It is an excellent general purpose lubricant which rapidly forms into a pure white grease which will not melt or wash away. The white color allows easy visual inspection. White Lithium is heat and water resistant and does not contain any chlorinated solvents. It contains corrosion inhibitors that protect metal in any weather and its tough, viscous film provides maximum surface coverage and protection.

Material Safety Data Sheets are available upon request.

Properties

NLGI Grade:

No. 2

Texture:

Smooth, white

Dropping Point:

360°F (182°C)

Four Ball Wear (ASTM D-2266):

0.82 mm

Four Ball EP Weld Point (ASTM D-2266):

200 kgf
